The Allan P. Kirby, Jr. Center for Constitutional Studies and Citizenship is an extension of the teaching mission of Hillsdale College to Washington, D.C. Its purpose is to teach the Constitution and the principles that give it meaning. Through the study of original source documents from American history—and of older books that formed the education of America's founders—the Center seeks to inspire students, teachers, citizens, and policy-makers to return the Constitution to its central place in the political life of the nation.

Hillsdale College is an independent liberal arts college located in southern Michigan. Founded in 1844, the College has built a national reputation through its classical liberal arts core curriculum and its principled refusal to accept federal or state taxpayer subsidies, even indirectly in the form of student grants or loans. It also conducts an outreach effort promoting civil and religious liberty, including a free monthly speech digest, *Imprimis*, with a circulation of more than 3.6 million.
