HILLSDALE COLLEGE FREEDOM LIBRARY CATALOG

Hillsdale College is well known for its unique independence and its commitment to freedom and the liberal arts. It rejects the huge federal and state taxpayer subsidies that go to support other American colleges and universities, relying instead on the voluntary contributions of its friends and supporters nationwide. It refuses to submit to the unjust and burdensome regulations that go with such subsidies, and remains free to continue its 174-year-old mission of offering the finest liberal arts education in the land. Its continuing success stands as a powerful beacon to the idea that independence works.

This catalog of books, recordings, and back issues of *Imprimis* makes widely available some of the best writings and speeches around, by some of the smartest and most important people of our time. These writings and speeches are central to Hillsdale’s continuing work of promoting freedom, supporting its moral foundations, and defending its constitutional framework.

THE KIRBY CENTER / WASHINGTON, D.C.

The Kirby Center for Constitutional Studies in Citizenship, located in Washington, D.C., sponsors an annual Constitution Day Celebration that commemorates the signing of the Constitution and the first principles that underpin and give life to the American experiment in self-government. The Center also hosts the monthly Kirby Center Lecture Series, formerly known as “First Principles on First Fridays.” The lectures address significant and timely political, historical, and economic topics from a constitutional perspective. Previously, Hillsdale College hosted an annual Churchill Dinner in Washington, D.C., to honor the life and achievements of one of history’s greatest champions of freedom.

PRAISE FOR THE NEW EDITION OF THE OFFICIAL BIOGRAPHY OF WINSTON S. CHURCHILL FROM HILLSDALE COLLEGE PRESS

“I am delighted that Hillsdale College Press is to re-publish the whole of the monumental biography of Winston Churchill, plus all the volumes of supporting documents, including a number hitherto unpublished. This work is one of the most important biographies of the twentieth century and with its unique documentation constitutes a vast printed archive and source book for historians—as well as a fascinating experience for the general reader.”

— PAUL JOHNSON

Author, *Creators: From Chaucer and Durer to Picasso and Disney*

“These volumes are one of the great works of history. And short of leading Great Britain through mankind’s most catastrophic war, there is no better education in statesmanship than to follow Churchill’s many forms of genius as they are brilliantly presented herein.”

— MARK HELPRIN

Author, *Freddy and Fredericka*

“A milestone, a monument, a magisterial achievement. Sir Martin Gilbert’s life of Sir Winston Churchill—started by the subject’s son Randolph—is rightly regarded as the most comprehensive life ever written of any age. Wise, honest and all-embracing, the work stands as a testament to the quality of Gilbert’s scholarship. The companion volumes, moreover, represent fine works of literature in their own right, since they comprise Sir Winston’s own correspondence. No praise could be higher than that Gilbert has produced a tribute entirely worthy of the saviour of modern Western Civilisation.”

— ANDREW ROBERTS
