Hillsdale College Shooting Sports Halter Center Hosts August Specialty Camps

World-class shooting sports center continues summer programs with camps for women, couples

Hillsdale, Mich. – Hillsdale College’s John Anthony Halter Shooting Sports Education Center is continuing its summer programming with upcoming specialty camps. Couples for Liberty will take place from August 11 to 16, and Ladies for Liberty will take place from August 18 to 22.

“These camps are a unique way to introduce newcomers to shooting sports and also help experienced participants hone their skills,” said Gena Grant, Program Coordinator. “The Halter Center provides an excellent space for participants to engage in this sport and connect with others who share their interests.”

The camps are designed to welcome enthusiasts of all experience levels, offering practice in handgun and shotgun fundamentals as well as lectures from Hillsdale College faculty on the important role of the U.S. Constitution and the Second Amendment. Accommodations include rooms on campus at the Dow Center Hotel, catered meals and receptions, a shuttle to and from Detroit Metropolitan Airport, and the use of firearms and ammunition. Participants may also bring their own firearms.

The Couples for Liberty and Ladies for Liberty camps are made possible thanks to the generous sponsorships of Winchester, Smith & Wesson, and Springfield Armory.

Space is limited. Interested parties should contact Program Coordinator Gena Grant at 517-607-2563 or ladiesforliberty@hillsdale.edu.

To conduct its recreational mission, the Center features ranges for small arms, archery, and shotgun, including Michigan’s only Olympic bunker trap. The Halter Center also serves an educational purpose by promoting the principles of the Constitution and teaching beginner and experienced shooters in various classes. Home to Hillsdale College’s collegiate shooting teams, the Halter Center is also a resource for the public through camps, conferences, and other programming. [Click here](#) for more information.
