Since 1969, President’s Club members have provided leadership in supporting Hillsdale College’s students and its unrelenting standards of academic excellence and independence. Our more than 8,000 members include admirers of *Imprimis*, alumni, parents of current and past students, friends, businesses, and private and corporate foundations. Current members may upgrade their levels of membership once the previous pledge level is completed. The generosity of President’s Club members enables Hillsdale to serve its mission of “Pursuing Truth and Defending Liberty Since 1844.”

## Privileges of Membership: A Circle of Friends

- President’s Club members have the joy and privilege of assisting in the education of current and future Hillsdale College students, including the four students selected annually to receive the President’s Club Scholarship. We hear from them each year in *The President’s Club News*.
- Members ensure that Hillsdale College can maintain its commitment to independence from all taxpayer funding—even indirect funding in the form of government student grants and loans—both now and in the long term.
- Members become part of a special circle of friends who share a regard for learning, character, faith, and freedom—the purposes Hillsdale exists to serve.

Additionally, President’s Club members in good standing are among the first to receive invitations to events such as:

- **National Leadership Seminars** which are held twice a year in major city venues. These seminars feature special receptions that allow members to visit informally with President Larry P. Arnn and the Hillsdale College Trustees.
- **Center for Constructive Alternatives (CCA)** on-campus seminars.
- **Special events** marking College milestones.
- **Educational cruises** and tours with Dr. Arnn and the College staff.
- **Kirby Center special programs** in Washington, D.C., including the College’s annual Constitution Day Celebration.

## Recognition and Honoring a Strong Stance on Education

As a token of the College’s gratitude, President’s Club members in good standing are recognized in the following ways:

- While attending a Hillsdale event, President’s Club members receive a framed certificate from Dr. Arnn, and are photographed for publication in *The President’s Club News*.
- President’s Club members are honored guests at the annual President’s Club Breakfast during Commencement Weekend.
- Members have reserved seating toward the front at Commencement and other events.
- The names of President’s Club members are featured on interactive displays in the on-campus Dow Leadership Center and the Kirby Center in Washington, D.C.
- Members receive special permanent nametags to wear at Hillsdale events.
- President’s Club members receive special invitations throughout the year based on their membership levels.

## Monitoring the Pulse of Liberty

President’s Club members receive the latest news about Hillsdale College and its students through *The President’s Club News*, published three times per year. The names of new members appear in this newsletter, along with updates on the latest College developments, often national in scope.

## Members may specify the use of their gifts:

**Unrestricted Gifts** support the Independence Fund, which covers College operating requirements and educational programs exhibiting the greatest need.

**Designated Gifts** directed by a member may support specific academic programs or departments, outreach, capital projects and improvements, undergraduate or graduate school scholarships, athletic programs or departments, or the general endowment.

**Named Endowments** may be designated by an individual or couple to a specific endowment fund which they have named; the annual income may be used to support the College’s general operations, or a specific academic or outreach program.

**Private Scholarships** protect Hillsdale College from the government regulations that come attached to taxpayer-funded federal and state student grants and loans, which are not accepted here. In the course of the Four Pillars Campaign, which concludes in 2024, the College aims to raise \$260.2 million in endowment for scholarships. President’s Club members may designate their pledge to the general scholarship fund or the many other existing scholarship funds. They may also choose to establish a named endowed or annually-donated scholarship with their own criteria.
